

SCOPE X PRIVATE PREP

Unlock Potential with Private Prep

Private Prep, a leading provider of test prep, subject tutoring, and college admissions, has partnered with SCOPE to help guide students on their educational journey. Any new family that reaches out to Private Prep and mentions SCOPE will be eligible for one of the following:

- 25% off a college admissions or an executive functioning Strategy Session
- A complimentary one-hour subject tutoring session
- Complimentary registration for secondary or college admissions diagnostic exams (these include exams such as the SAT, ACT, ISEE, SSAT, and AP exams), diagnostic review, and an in-depth consultation on exam prep.

Additionally, we'll donate \$100 to SCOPE for each family who signs up for Private Prep services and who is referred by SCOPE.

Together we will help students improve grades, increase test scores, develop study skills, and build confidence while supporting children from under-resourced communities.

Schedule your in-person complimentary consultation today and mention SCOPE. <https://privateprep.com/partners/scope/>

Applicable for new students only.
